These “notes” may take any form you so choose however, it is crucial that you bring something to indicate having read and understood for class. This also includes having read additional readings assigned besides the allotted textbook reading.

There is no way a student can “makeup” missing a class. If you need to miss a class, notify the instructor as soon as possible. If you miss one class, your grade will drop one grade level (Example, A to A-). Missing more than one class is not acceptable. You will need to drop or retake the course with approval from the instructor and the Graduate Office. Participation/attendance is worth 90 points and will be graded in Livetext rubric (10 per class meeting).

Class presentations should last 45 minutes and include at least 3 peer-reviewed scholarly journal articles. Presentations should not solely be a summary of the text. Rather, they are to involve critical thinking of the material and adding a knowledge base for other students. Expectations

This course is designed to be a challenging academic experience. The goal is for the course participant to grow as a result of this scholarly pursuit by gaining a better

understanding of “self” and the others in one’s life. In this regard, the course can help the participant obtain an understanding of the concepts of differences amongst clients and systems that apply as well, and be able to relate this understanding to real life situations, social interactions, and counseling practice. Also important is for participants to become more proficient communicators, both via verbal and written communicative skills, and to gain confidence as a leader/facilitator working in a multifaceted, diverse group environment.

Being rude, ignoring other’s perspectives, being on your phone or abusing the use of a laptop, and/or sleeping will not be tolerated. This is a graduate level course and behavior should be as such.

1. **Classroom Behavior:** Students are expected to act as graduate students. This means that you are to be open to assessing and evaluating all student comments as well as being open to having your own comments assessed and evaluated. Graduate learning is an on-going collaborative process. Therefore, students should be respectful and open to all others in the classroom. Additionally, graduate students are expected to be prepared and on-time for class. Students should additionally be professional at all times. Being professional includes being on time, being respectful, being prepared, being attentive, being open to learning, etc.
2. **Late Assignments:** **Late work is not accepted.** Should an unforeseen issue arise (i.e., illness, family death, etc.) changes will be determined on a case-by-case basis. The instructor will not be available to help with technological issues the day of class. Any in-class assignment (i.e. Presentations) must be completed on the day that you have chosen. Due to the time frame given for each class, moving activities would become overly difficult and affect the learning of other students. Therefore, in-class activities must be completed on the day chosen by the student.
3. **Use of Technology:** Students are asked to behave in a manner that reflects the overall attitude and professionalism expected by graduate students, therefore students should use their own discretion on the use of technology. Any use of computers or phones should be for classroom use only. Should you need to make a call/text please leave the classroom as talking or texting could distract others from learning. Be respectful to the instructor and other students in your use of technology in the classroom.
4. **Plagiarism:** Any work that you turn in during this class must be your own work. Any use of others work (i.e., research papers, journal articles, etc.) must be cited using APA format. Students who do not cite work and do not give ownership of others work will, at minimum, be given a zero for that assignment. Failure of the course, academic program remediation, and/or dismissal from the MAC program are also potential consequences for plagiarism.
5. **Email:** Students should expect to communicate with the instructor through the official Doane University email system. This includes me communicating with you at your given Doane University email and you emailing with me at my official Doane University email (given on the first page).
6. **It also goes without saying that all written material will include the appropriate APA in-text citations and reference page.**

Below you will note my Grading Rubric:

A+ Quality of work reveals student has a thorough understanding of the subject matter. Extra research, creativity and thought are shown in the assignment beyond what is in the course materials. Work includes all elements required and is well

developed, masterful and meaningful. Extra effort is obvious in its production. All work is paraphrased and cited in APA format, no quotes unless via interviews etc.

- A Quality of work reveals student has a very good understanding of the subject matter. Extra research, creativity or thought is shown in the assignment beyond what is in the course materials. Work includes all elements required and is well developed. All work is paraphrase and cited in APA format, little to no quotes.
- B+ Quality of work reveals student has a good understanding of the subject matter. Work includes all elements required and is well developed. All work is paraphrased and cited, a few APA citations errors and a few quotes.
- B Quality of work reveals student has a basic understanding of the subject matter. Work includes most elements required and is adequate in presenting information. Work has very little paraphrasing but rather quotes and several APA citation errors.
- C Quality of work does not reveal that the student has a basic understanding of the subject matter. Work does not include enough elements required. Work is not properly cited and credit is not given to the original author, APA is not used. Note: at the graduate level a 'C' is the equivalent of an 'F'.

LiveText/Google Classroom Usage: LiveText and Google Classroom will be utilized to collect various artifacts that can represent the student's body of work. For example, signature artifacts are major assessments of knowledge, skill, and practice that are grounded in CACREP and best practice standards and are associated with various assessment rubrics and are integrated in LiveText. The online portfolio is maintained in the student's personal file on the LiveText website. There may be a number of artifacts that are appropriate for inclusion—see the instructor for details.

Academic Integrity

Fundamental to our mission, our core values, and our reputation, Doane University adheres to high academic standards. Students of Doane University are expected to conduct themselves in a manner reflecting personal and professional integrity.

Disciplinary actions may be taken against students whose academic behavior is not congruent with the expectations of the University. Students are responsible for adhering to the standards detailed in this policy. Not being familiar with these standards does not mean that the students will not be accountable for adherence to them. Additional details on the Academic Integrity policy for violating academic integrity are published in the undergraduate and graduate catalogs.

Accommodations

The Rehabilitation Act of 1973 (section 504) and the Americans with Disabilities Act (ADA) provide that "no otherwise qualified disabled individual in the United States shall, solely on the basis of disability, be denied access to, or the benefits of, or be subjected to discrimination under any program or activity provided by any institution receiving federal financial assistance." This regulation requires that Doane programs be accessible to the disabled, but it does not require that every building or part of a building be accessible. Thus, it may be necessary to reschedule classes to accessible classrooms or to take other steps to open one of the programs to students with mobility impairments.

Any student who thinks they may need an accommodation based upon the impact of a disability should contact the Office of Disability Services

(<https://www.doane.edu/disability-services>) to coordinate reasonable accommodations as soon as possible.

Military Friendliness Academic Policy

Veterans and active duty military personnel with military obligations are encouraged to communicate to the faculty about these obligations. These communications need to occur within the first two weeks of a course, or as soon as military obligations are identified, and the student needs to provide relevant documentation to the faculty. If necessary, once the student has self-disclosed and provided proper documentation to the faculty, reasonable arrangements will be implemented to help the student complete their academic coursework. More details on the policy are available in the university catalog
